The Deep End - The Rich Man and Lazarus

The Rich Man and Lazarus is a powerful story reminding us that we are called to live our faith in our daily lives through generosity towards the poor and in working towards justice in our world. We do this in a variety of ways and we can see the goodness around us in those who are living examples of the Christian message. We are now called to listen urgently to the cry of the earth and to reflect on the injustices caused by the climate crisis. Millions of people are suffering worldwide through drought, sea-level rise and a breakdown of the earth's ecological systems.

Joanna Sustento lives in Tacloban city, Philippines. On 8 November 2013 she lost her parents, her brother, her sister-in-law and 3-year-old nephew in the storm surge of Typhoon Haiyan. This storm was the largest to make landfall in recorded history, with wind speeds of over 300km per hour. 10,000 people perished in two hours. Joanna's story is one of thousands. The strength of Typhoon Haiyan is attributed to climate change. It is an injustice that those who have done the least to cause this problem are on the frontline. The governments of the world must act. They will only do so if the public demand it. We have a responsibility to ensure they do so. We are at a crossroads as a global community and we have the solutions. Let us go forward together to a more sustainable future and listen to the cry of the earth and the cry of the poor.

'Christians need an 'an ecological conversion,' whereby the effects of their encounter with Jesus Christ become evident in their relationship with the world around them. Living our vocation to be protectors of God's handiwork is essential to a life of virtue; it is not an optional or a secondary aspect of our Christian experience.' Family Fast Day Friday 4 October

No one should be beyond reach of the love and support they need to thrive. This Fast Day, CAFOD invites us to fast, pray and give, so we can extend the hand of friendship to the world’s poorest people. Fabiano’s village in rural Uganda has been devastated by drought. Every day, children would trek miles for water, risking their education – and safety. Donations from parishioners across England and Wales helped install a solar powered water pump in the village. Now Fabiano and his friends can collect water quickly and safely. On Family Fast Day, CAFOD invites us to eat a simple meal for lunch or dinner and give the money we save to help children like Fabiano. Please collect a Fast Day envelope from church this week and return next weekend and give generously.

Seeing your Life through the Lens of the Gospel

Luke16:19-31

1. The first of the faults attributed to the rich man is his insensitivity to the abject poverty of those around him. When have you discovered that it is when you are aware of the needs of those around you and seek to make some response that you bring out the best in yourself?
2. The second fault attributed to the rich man is the way he ignored the word of God coming through Moses and the prophets. How have the gospels, the Scriptures or your faith opened you up to a deeper and more satisfying perspective on life?
3. Some people look to the spectacular for a sign of God’s presence and action. For Jesus, the lessons we need are not to be sought in the spectacular, but in the ordinary things of everyday life. Where have you found reminders of God’s presence in the world around you?
